	Wired KTX2-S + GPS	61343	61353	61365
	None	61344	61354	N/A

These are all the available combinations. Deciding which is the best for your application is very simple:

1. Select your preferred manufacturer
2. Select the column with the desired radio option
3. Select the row with the desired transponder option
4. Get the Reference for ordering in the crossing cell
